Dear Sandra and [REDACTED],

As a follow-up to the below, attached please find a clean copy and redline which reflects edits to various typographical errors found by both sides. We have completed the open section of who should receive notices for AZ. The Commission's portion of this is still open for completing and, as you indicated, there is still a bracketed language for the Commission to complete at the end of the recitals.

Warm regards,

Subject: Typos

Dear , dear

In the final vetting of the document we have identified the following typos and numbering issues.

- Footnote 5 would not seem to be anymore valid, as it refers , which is no longer in the text;
- Footnote 6 would not seem to be any more valid either, as have already been finalised;
- Paras from the order form should be deleted because the former refers erroneously to and is empty
- The paragraph in the order form should be numbered

As a cleaned text is surely in everybody's interest, we will proceed with cleaning these elements from the text in order to avoid any corrigenda procedures.

Best regards,
