## Dear All,

we would like to invite you to a skype meeting on the 6th May in follow-up to the call of last week where we discussed enabling conditions for the swift authorisation and mass production of a vaccine against COVID-19. As explained last week, the purpose of the call will be to better understand the specific concerns that your company has on the topic.

Please feel free to share ahead of the call any background document that you would find useful for our understanding.

Kind regards Céline Gauer
