Dear Mrs Gauer,

Thank you for the opportunity to present today an update on our COVID-19 vaccine program and for the proposed approach and next steps. Our team is working hard to get the requested term sheet ready as soon as possible.

I would like to note kindly that some of the information shared (of scientific, financial, and strategic nature, such as planning timelines) is not published yet, and needs to be treated as highly confidential information. We did want to share this information with you tough already, to give you the latest information currently available; the information is provided only for informational and discussion purposes, and provided under the assurance that the European Commission and its agencies will strictly maintain the confidentiality of the information and not further distribute to other parties. We are sure you agree with that and kindly ask for your confirmation.

Looking forward to our next meeting.

Thanks and best regards,
