Onderwerp: Additional information on enforcement strategy and water quality

Dear [REDACTED]

In our meeting of the 13th of September, we agreed NL would send additional reports on actual data regarding the enhanced enforcement strategy and ground water quality below derogation companies. Attached you can find:

1. Letter to Parliament on the reports. In this letter, a summary of the reports is given as well as an appreciation by our Minister;
2. Report on progress of the enforcement strategy in 2019;
3. Report on water quality derogation companies 2018;
4. [REDACTED]

I would like to stress that the document number 4 is strictly confidential. [REDACTED]

Documents 1, 2 and 3 were sent to Parliament last Friday and are publicly available. We will provide you with an English translation of these documents asap.

Together with the letter and report on sanction policy I sent you on the 28th of October, these documents contain all the information discussed during our meetings this summer. Ofcourse, I am very willing to come to Brussels to give a further explanation on the provided information, answer any questions and discuss the steps forward. Nico will contact you about this.

Frank
