Subject: A4E ACI ASD CANSO ERA letter to European Commission - European Sustainable Aviation Roadmap

Dear Mr Hololei,
Dear Mr Petriccione,

Please find attached a letter of the European aviation industry, represented by A4E, ACI, ASD, CANSO and ERA, regarding our planned European Sustainable Aviation Roadmap, by which we will want to contribute to the European Commission's reflections and efforts to move towards a zero or low-carbon economy.

We look forward to working together with the Commission on ways to progress faster on the decarbonisation of aviation and would like to engage with you and your services in making this a joint effort.

Many thanks in advance for your interest and support.

Best regards,
