

ANNEX 5

MODEL FOR THE CERTIFICATE ON THE FINANCIAL STATEMENT (CFS)

This document sets out:

- the objectives and scope of the independent report of factual findings on costs declared under a EU grant agreement financed under the Promotion of Agricultural Products Programme and
- a model for the certificate on the financial statement (CFS).

1. Background and subject matter

[OPTION 1 for actions with one RP and NO interim payments: Within 90 days after the end of the reporting period, the coordinator must submit to the Agency a **final report**, which should include (among other documents and unless otherwise specified in Article 15 of the Grant Agreement) a **certified financial statement** (CFS; see proposed model below) for each beneficiary, if:

- it requests an EU contribution of EUR 325 000 or more as reimbursement of actual costs and
- the maximum EU contribution indicated for that beneficiary in the estimated budget (see Annex 2) as reimbursement of actual costs is EUR 750 000 or more.]

[OPTION 2 for actions with several RPs and interim payments: Within 60 days after the end of each reporting period, the coordinator must submit to the Agency a **periodic report**, which should include (among other documents and unless otherwise specified in Article 15 of the Grant Agreement) a **certified financial statement** (CFS; see proposed model below) for each beneficiary, if:

- the cumulative amount of EU contribution the beneficiary requests as reimbursement of actual costs is EUR 325 000 or more and
- the maximum EU contribution indicated for that beneficiary in the estimated budget (see Annex 2) as reimbursement of actual costs is EUR 750 000 or more.

The CFS must be submitted every time the cumulative amount of payments requested (i.e. including in previous financial statements) reaches the threshold (i.e. a first certificate once the cumulative amount reaches 325 000, a second certificate once it reaches 650 000, a third certificate once it reaches 975 000, etc.).

Once the threshold is reached, the CFS must cover all reporting periods for which no certificate has yet been submitted.]

The beneficiary must provide the CFS for itself.

The **purpose** of the audit on which the CFS is based is to give the Agency ‘reasonable assurance’¹ that costs declared as eligible costs under the grant (and, if relevant, receipts generated in the course of the action) are being claimed by the beneficiary in accordance with the relevant legal and financial provisions of the Grant Agreement.

The **scope** of the audit is limited to the verification of eligible costs included in the CFS. The audit must be conducted in line with point 3 below.

Certifying auditors must carry out the audits in compliance with generally accepted **audit standards** and indicate which standards they have applied. They must bear in mind that, to establish a CFS, they must carry out a compliance audit and not a normal statutory audit. The eligibility criteria in the Grant Agreement always override normal accounting practices.

The beneficiary and the auditor are expected to address any **questions on factual data or detailed calculations** before the financial statement and the accompanying certificate are submitted. It is also recommended that the beneficiary take into account the auditor’s preliminary comments and suggestions in order to avoid a qualified opinion or reduce the scope of the qualifications.

Since the certificate is the main source of assurance for cost claims and payments, it will be easier to consider amounts as eligible if a **non-qualified certificate** is provided.

The submission of a certificate does not affect the Agency’s right to carry out its **own assessment or audits**. Neither does the reimbursement of costs covered by a certificate preclude the Agency or the Commission, the European Anti-Fraud Office or the European Court of Auditors from carrying out checks, reviews, audits and investigations in accordance with Article 17 of the Grant Agreement.

The Agency expects the certificates to be issued by auditors according to the highest professional standards.

2. Auditors who may deliver a certificate

The beneficiary is free to choose a **qualified external auditor**, including its usual external auditor, provided that:

- the external auditor is **independent** from the beneficiary and
- the provisions of **Directive 2006/43/EC**² are complied with.

¹ This means a high degree of confidence.

² Directive [2006/43/EC](#) of the European Parliament and of the Council of 17 May 2006 on statutory audits of annual accounts and consolidated accounts or similar national regulations (OJ L 157, 9.6.2006, p. 87).

Independence is one of the qualities that permit the auditor to apply unbiased judgement and objective consideration to established facts to arrive at an opinion or a decision. It also means that the auditor works without direction or interference of any kind from the beneficiary.

Auditors are considered as providing services to the beneficiary under a **purchase contract** within the meaning of Article 9 of the Grant Agreement. This means that the costs of the CFS may normally be declared as costs incurred for the action, if the cost eligibility rules set out in Articles 6 and 9.1.1 of the Grant Agreement are fulfilled (especially: best value for money and no conflict of interests; see also below eligibility of costs of other goods and services). Where the beneficiary uses its usual external auditor, it is presumed that they already have an agreement that complies with these provisions and there is no obligation to find new bids. Where the beneficiary uses an external auditor who is not their usual external auditor, it must select an auditor following the rules set out in Article 9.1.1.

Public bodies can choose an external auditor or a competent public officer. In the latter case, the auditor's independence is usually defined as independence from the audited beneficiary 'in fact and in appearance'. A preliminary condition is that this officer was not involved in any way in drawing up the financial statements. Relevant national authorities establish the legal capacity of the officer to carry out audits of that specific public body. The certificate should refer to this appointment.

3. Audit methodology and expected results

3.1 Verification of eligibility of the costs declared

The auditor must conduct its verification on the basis of inquiry and analysis, (re)computation, comparison, other accuracy checks, observation, inspection of records and documents and by interviewing the beneficiary (and the persons working for it).

The auditor must examine the following documentation:

- the Grant Agreement and any amendments to it;
- the periodical and/or final report(s);
- *for personnel costs*
 - salary slips;
 - time sheets;
 - contracts of employment;
 - other documents (e.g. personnel accounts, social security legislation, invoices, receipts, etc.);
 - proofs of payment;
- *for subcontracting*
 - the call for tender;
 - tenders (if applicable);
 - justification for the choice of subcontractor;
 - contracts with subcontractors;
 - invoices;
 - declarations by the beneficiary;
 - proofs of payment;

- other documents: e.g. national rules on public tendering if applicable, EU Directives, etc.;
- *for travel and subsistence costs*
 - the beneficiary's internal rules on travel;
 - transport invoices and tickets (if applicable);
 - declarations by the beneficiary;
 - other documents (proofs of attendance such as minutes of meetings, reports, etc.);
 - proofs of payment;
- *for equipment costs*
 - invoices;
 - delivery slips / certificates of first use;
 - proofs of payment;
 - depreciation method of calculation;
- *for costs of other goods and services*
 - invoices;
 - proofs of payment; and
 - other relevant accounting documents.

General eligibility rules

The auditor must verify that the costs declared comply with the general eligibility rules set out in Article 6.1 of the Grant Agreement.

In particular, the costs must:

- be actually incurred;
- be linked to the subject of the Grant Agreement and indicated in the beneficiary's estimated budget (i.e. the latest version of Annex 2);
- be necessary to implement the action which is the subject of the grant;
- be reasonable and justified, and comply with the requirements of sound financial management, in particular as regards economy and efficiency;³
- have been incurred during the action, as defined in Article 3 of the Grant Agreement (with the exception of the invoice for the audit certificate and costs relating to the submission of the final report);
- not be covered by another EU or Euratom grant (see below ineligible costs);
- be identifiable, verifiable and, in particular, recorded in the beneficiary's accounting records and determined according to the applicable accounting standards of the country where it is established and its usual cost-accounting practices;
- comply with the requirements of applicable national laws on taxes, labour and social security;
- be in accordance with the provisions of the Grant Agreement (see, in particular, Articles 6 and 9-11a) and
- have been converted to euro at the rate laid down in Article 15.6 of the Grant Agreement:
 - for beneficiaries with accounts established in a currency other than the euro:

³ To be assessed in particular on the basis of the procurement and selection procedures for service providers.

Costs incurred in another currency must be converted into euros at the average of the daily exchange rates published in the C series of the [EU Official Journal](#) determined over the corresponding reporting period.

If no daily euro exchange rate is published in the EU Official Journal for the currency in question, the rate used must be the average of the monthly accounting rate established by the Commission and published on its [website](#);

- for beneficiaries with accounts established in euro:

Costs incurred in another currency should be converted into euros applying the beneficiary's usual accounting practice.

The auditor must verify whether expenditure includes **VAT** and, if so, verify that the beneficiary:

- cannot recover the VAT (this must be supported by a statement from the competent body) and
- is not a public body acting as a public authority.

The auditor should base his/her audit approach on the **confidence level** following a review of the beneficiary's internal control system. When using sampling, the auditor should indicate and justify the sampling size.

Specific eligibility rules

In addition, the auditor must verify that the costs declared comply with the specific cost eligibility rules set out in Article 6.2 and Articles 9.1.1, 10.1.1, 11.1.1, 11a.1.1 and 11a.2.1 of the Grant Agreement.

Personnel costs

The auditor must verify that:

- personnel costs have been charged and paid in respect of the actual time devoted by the beneficiary's personnel to implementing the action (justified on the basis of time sheets or other relevant time-recording system);
- personnel costs were calculated on the basis of annual gross salary, wages or fees (plus obligatory social charges, but excluding any other costs) specified in an employment or other type of contract, not exceeding the average rates corresponding to the beneficiary's usual policy on remuneration;
- the work was carried out during the period of implementation of the action, as defined in Article 3 the Grant Agreement and
- the personnel costs are not covered by another EU or Euratom grant (see below ineligible costs);
- for additional remunerations: the 2 conditions set out in Article 6.2.A.1 are met (i.e. that it is part of the beneficiary's usual remuneration practices and is paid in a consistent manner whenever the same kind of work or expertise is required and that the criteria used to calculate the supplementary payments are objective and generally applied by the beneficiary, regardless of the source of funding used);
- for in-house consultants: the 3 conditions set out in Article 6.2.A.2 of the Grant Agreement are met (i.e. that the in-house consultant works under the beneficiary's instructions, that the result of the work carried out belongs to the beneficiary, and that

the costs are not significantly different from those for personnel performing similar tasks under an employment contract).

The auditor should have assurance that the management and accounting system ensures proper allocation of the personnel costs to various activities carried out by the beneficiary and funded by various donors.

Subcontracting costs

The auditor must verify that:

- the subcontracting complies with best value for money (or lowest price) and that there was no conflict of interests;
- subcontracting was necessary to implement the action for which the grant is requested;
- subcontracting was provided for in Annex 1 and Annex 2 or agreed to by the Agency at a later stage;
- the subcontracting is supported by accounting documents in accordance with national accounting law;
- the costs for subcontracts with entities that have a structural link with the beneficiary are limited to the own costs of the entity (i.e. without any profit margin; see Article 10 of the Grant Agreement);
- public bodies have complied with the national rules on public procurement.

Travel and subsistence costs

The auditor must verify that travel and subsistence costs:

- have been charged and paid in accordance with the beneficiary's internal rules or usual practices;
- are not covered by another EU or Euratom grant (see below ineligible costs);
- were incurred for travels linked to action tasks set out in Annex 1 of the Grant Agreement.

The auditor must verify that:

- the equipment is purchased, rented or leased at normal market prices;
- public bodies have complied with the national rules on public procurement;
- the equipment is written off, depreciation has been calculated according to the tax and accounting rules applicable to the beneficiary and only the portion of the depreciation corresponding to the duration of the action has been declared and
- the costs are not covered by another EU or Euratom grant (see below ineligible costs).

Costs of other goods and services

The auditor must verify that:

- the purchase complies with best value for money (or lowest price) and that there was no conflict of interests;
- public bodies have complied with the national rules on public procurement;

- the costs are not covered by another EU or Euratom grant (see below ineligible costs).

Ineligible costs

The auditor must verify that the beneficiary has not declared any costs that are ineligible under Article 6.4 of the Grant Agreement:

- costs relating to return on capital;
- debt and debt service charges;
- provisions for future losses or debts;
- interest owed;
- doubtful debts;
- currency exchange losses;
- bank costs charged by the beneficiary's bank for transfers from the Agency;

- costs incurred for permanent staff of a national administration for activities that are part of its normal activities (i.e. not undertaken only because of the grant);
- costs incurred for staff or representatives of EU institutions, bodies or agencies.

3.2 Verification of receipts

The auditor must verify that the beneficiary has declared receipts within the meaning of Article 5.3.3 of the Grant Agreement, i.e.:

- income generated by the action (e.g. from the sale of products, services and publications, conference fees)
- financial contributions given to the beneficiary organisation by its members, specifically to be used for costs that are eligible under the action.

Moreover, the auditor must verify that the remaining costs of the action were borne by beneficiary, i.e. that there were no financial contributions given by third parties specifically to be used for costs that are eligible under the action (except by members) (see Article 5.2 and 5.3.3 of the Grant Agreement).

3.3 Verification of the beneficiary's accounting system

The auditor must verify that:

- the accounting system (analytical or other suitable internal system) makes it possible to identify **sources of financing** for the action and related expenses incurred during the contractual period and

Grant Agreement number: [insert number] [insert acronym] [insert call identifier]

EU Model Grant Agreements: CHAFEA Agri Promotion MGA — Multi: V2.0 – 04. February 2016

- expenses/income under the grant have been recorded systematically using a numbering system that **distinguishes** them from expenses/income for other projects.
