Dear ,

Following the correspondence in reference, I would like to inform you that the assessment of your request for amendment of the above-mentioned Grant Agreement has been concluded. The proposed changes concerning the: 1) extension of the end date of Action by 36 months (from 31/12/2019 to 31/12/2022); and 2) modification of the technical scope of the Action (in particular of Activity 18) to reflect the “variante” (change of location of the construction site set-ups in accordance with CIPE provision No.235 - Resolution 19/2015) are properly justified and do not affect the objectives of the Action. They are therefore accepted.
