Dear [REDACTED]

As promised please find in attachment the document including some messages to Commissioner McGuinness and a first set of questions that Copa and Cogeca Vice Presidents will pose after the Commissioner opening remarks. Additional questions from Copa and Cogeca Praesidia members will possibly arise.

In attachment you will also find a very short note which includes some key concerns. It will be the basis for contribution to the public consultation.

I am aware that our Secretary General had been in contact with the Head of Cabinet. He also mentioned to me that if necessary, you can call him to further alignment.

If you need clarifications, please do not hesitate to contact me.

May I take this opportunity to also wish you an excellent week end.

Kind regards,

[REDACTED]

Hi [REDACTED], yes we can talk today at 17:00. I will send you a link for an online meeting platform.

Thank you very much for the cooperation.

Kind regards,

[REDACTED]

Hi [REDACTED]

The test will be done by the Commissioner's assistant.

If you would like to speak with me about what will arise, I am available between 5pm-6pm today

[REDACTED]

Dear [REDACTED]

My colleague [REDACTED] informed me that, in view of the participation of Commissioner McGuinness in the next Copa and Cogeca Praesidia, a test call on our platform KUDO will take place on Friday 11th December at 11:15. I was wondering whether we could take this opportunity to also have an preparatory exchange with you. My colleague [REDACTED] and I could join the meeting to discuss with you about the main elements of the exchange that will take place on 15th December.

Please let me know if this would work for you and if necessary.

Kind regards,

[REDACTED]

Subject: Participation Commissioner McGuinness in the Copa and Cogeca Praesidia meeting (15th December)

Dear [REDACTED]

I am writing to you regarding the participation of Commissioner McGuinness to the Copa and Cogeca Praesidium (composed by all presidents of all our members organisations) e-meeting which will take place on 15th December from 10.00 to 11.00 a.m.

I am contacting you to provide you with further information about our meeting and the expectations that our members have.

The key goal of the meeting is to have a constructive exchange with Commissioner McGuinness and hear from her how the policies in her portfolio might support farmers and agri co-operatives in the transition towards a more sustainable economy and in the recovery from the pandemic crisis.

The participation of Commissioner McGuinness could consist in 20 minutes opening remarks followed by a debate with our members.

As we have already discussed few weeks ago over the phone, among the ongoing policy developments, the technical screening criteria for determining the conditions under which an economic activity qualifies as contributing substantially to climate change mitigation or climate change adaptation included into the Commission's Draft Delegated Act, which supplement the Regulation (EU)2020/852, represents elements of concerns for the farming community.

For this reason, it would be highly appreciate if the Commissioner could please address in her opening remarks the key elements related to the economic activities linked to our sector, as well as elements related to the procedure the Commission will follow in drafting the other Delegated Acts linked to the remaining environmental objectives set in Regulation (EU) 2020/852.

Concerning the Draft Delegated Act, please note that we are currently working on our position to contribute to the public consultation. You will find in attachment a draft reaction (SF(20)9257), which underlines the key element of concerns. We should finalise the process by the 14th December and it will be my care to send to you the updated document.

In addition to this, I would also double check with you whether you believe Commissioner McGuinness may also provide our members with insights related to:

- Timetable for the future Renewed strategy on sustainable finance
- Future evolution on the revision of the Non-Financial Reporting Directive.

Regarding the revision of the Non-Financial Reporting Directive, please find in attachment Copa and Cogeca statement (SF(20)4002) that had been submitted with the latest Commission's public consultation.

I hope that these elements are useful for the preparation of the meeting.

On the practicality related to the platform KUDO that we will use for the e-meeting, I am aware that our colleagues have already tested the tool with the Commissioner assistant and an additional test is foreseen next Friday.

In case you need further information, please do not hesitate to contact me. Please also

note that, if necessary, we could organise a preparatory meeting. We remain at your disposal for clarification or further alignments between the Commissioner's contribution and our members' expectations.

Thank you very much once again for the cooperation and we look forward to hearing from you.

Kind regards,
