Dear

I would like to thank you once again for your participation as a speaker in the Stakeholder workshop on intra-EU investment, which took place on 3 December 2019. We received positive feedback from many participants, who appreciated the competence of the speakers, the balanced representation of views and the quality and inclusive nature of the discussion at the workshop. I believe that your intervention contributed to the success of this event.

In your contribution you highlighted very important aspects to be considered in the ongoing debate on the future of EU investment protection. We have taken good note of your arguments and will take them into account in our further work.

As announced during the workshop, we will continue the dialogue with stakeholders and would be happy to continue the fruitful exchange with you on future occasions.

Sincerely yours,

Dear Friends!

Mario NAVA
