Dear Madam or Sir,

We are pleased to invite you to register for the next Stakeholder Workshop on intra-EU investment that will take place on 3 December 2019 in Brussels.

This will be a full day event, which will present an opportunity to exchange ideas on intra-EU investment protection and facilitation among investors, other stakeholders, EU Member States’ authorities, academics and Commission officials.

You are invited to register at the following link:

https://ec.europa.eu/info/events/finance-191203-investment-workshop_en

Please note that places are limited and registration is subject to confirmation by the organisers. When confirming places the Commission services will take into account company size, coverage of different economic sectors, the type of stakeholder and geographic coverage in order to ensure a broad and balanced representation of stakeholders in the field of intra-EU investment.

We would also draw your attention to the provisional agenda and the questions, indicating what each panel discussion will focus on. You are welcome to contact us ahead of the workshop indicating questions or practical examples from your experience, which you consider important for the panel discussions. Your practical feedback would be of added value to the discussion and
we will take it into account as far as possible when preparing the panels. For this purpose you are welcome to contact @ec.europa.eu and @ec.europa.eu.

In case you are no longer interested in receiving such information, could you please write to our functional mailbox: FISMA @ec.europa.eu

Kind regards,

DG FISMA team
