Subject: FW: INVITATION Launch event - Maritime Vision Paper Hydrogen Europe

Dear [REDACTED]

Thank you very much for your email and for the kind invitation made to [REDACTED].

Unfortunately, due to a very heavy agenda, our Commissioner will not be able to attend the event on the 31/03.

We hope, nevertheless, it will be success and we would be extremely grateful if you could share any conclusions afterward. Finally, we sincerely hope to be able to attend on another edition.

We stay at your disposal if needed.

Kind regards,

[REDACTED]

**Subject:** Maritime Vision Paper Executive Summary Hydrogen Europe

Dear [REDACTED],

I hope this message finds you and your family safe and well.

I told you previously we have been working intensively on a Maritime Vision paper at Hydrogen Europe. We are now happy to say that the discussions within our broad membership have concluded on this topic and we will be ready to publish the paper in March. I understand that the EU Fuel Maritime paper is set to be unveiled in April, at least from what we have heard in the BXL bubble circles.

Please note, the vision paper of which I speak will also be accompanied by a more technical tools and options assessment paper. That way they policy/vision is backed up by a more sophisticated technical paper with more data, facts and figures etc.

We are aiming at organising a launch event for the paper in March and as such, we'd be delighted in your Commissioner would join us – for a key note and / or panel debate. We are aiming at high level CEO participation from the industry and civil society. Very likely the panel would include [REDACTED], a big ship manufacturer [REDACTED] and a representative from T&E among other.

I am sending you well in advance an executive summary of the vision paper. Happy to discuss details further when you have an opportunity.

Many thanks in advance for the consideration.

Kind regards,
