Subject: Letter from [REDACTED]: Sectoral Roadmaps to NZE / Fit for 55% / Shell's Powering Progress Strategy
Attachments: Timmermans 10 03 2021.pdf

Dear Executive Vice President,

Please find enclosed a letter from Shell's [REDACTED] proposing a meeting to discuss the European Climate Law as well as the upcoming "Fit for 55%" package and, in particular, the case for a sectoral decarbonisation approach in accelerating the low and zero carbon investments needed to reach the EU 2030 and 2050 climate targets.

[REDACTED] would also welcome the opportunity to share Shell's updated strategy called [Powering Progress](#) which outlines how we intend to deliver on our own target to become a Net Zero Emissions energy business by 2050, or sooner if possible, in step with society.

Sincerely,

[REDACTED]
