Dear Ms [REDACTED],

Thank you again for your request.

According to Ms Nelen's agenda, I could propose you on **Wednesday 26 may at 17:00**, which would also suit Ms Aleksandra Tomczak whom you have tried to reach out too.

Should the date/ timeslot work from your side, please kindly confirm it as soon as possible.

Upon the confirmation of your company **ID number** from **EU Transparency Register**, as well as the name/qualification and email address of each participant, I will send you all technical details for a WebEx video call.

Please note that the registration onto EU Transparency Register is an **essential precondition** to any meeting and contact with officials. In case you have not yet had the chance to register, you are kindly invited to do it as soon as possible: <https://ec.europa.eu/transparencyregister/public/ri/registering.do?locale=en#en>

Should you have any query, please do not hesitate to contact us.

With kind regards,

[REDACTED]

Subject: RE: R/ INVITATION: Webinar launch of Hydrogen4EU study, 4 May @14:00

Dear Ms. [REDACTED],

Many thanks for your response and of course we fully understand that Ms. Nelen has a very full agenda. Following the webinar launch yesterday, we would be interested in having a more in-depth discussion with Ms. Nelen on the study if she would have any availability for a meeting in the second half of May. The results of the study include a number of key insights on the potential deployment of renewable and low-carbon hydrogen in the main focal sectors of the upcoming Fit for 55 Package (transport, industry, power).

Do you think there would be a possibility for such a meeting after 21 May?

Kind regards,

[REDACTED]

Subject: R/ INVITATION: Webinar launch of Hydrogen4EU study, 4 May @14:00

Dear Ms [REDACTED]

On behalf of Ms Sarah Nelen, thank you for your invitation to today's webinar launch of Hydrogen4EU study.

Regrettably, Ms Nelen's full agenda does not allow her to attend it.

However, please rest assured that the *Hydrogen4EU charting to the pathways to enable net zero* report has been brought to Ms Nelen's attention.

We wish you a successful event.

With kind regards,

[REDACTED]
Assistant to Ms Sarah NELEN

Dear Ms Nelen,

A kind reminder that this webinar is taking place tomorrow at 14:00 if you would like to attend. Alternatively, a follow-up session will also be organised later in May.

Best,

[REDACTED]

A picture containing text ☐ Description automatically generated

Dear Ms Nelen,

The release of the EU Hydrogen Strategy in July 2020 set in motion a series of initiatives aiming to boost the EU's competitiveness in this field. With that in mind, **Hydrogen4EU is launching a comprehensive study conducted by Deloitte, IFPEN and SINTEF** that explores pathways to unlock the potential of low-carbon and renewable hydrogen to contribute to the European energy transition.

We would like to invite you to an online briefing on **Tuesday 04 May at 14:00** with [REDACTED] [REDACTED] Deloitte, to discuss the study. This study assesses the contribution of hydrogen to the EU's goal of net zero emissions by 2050, in particular the most effective mix of hydrogen technologies to be deployed across different geographies and sectors in Europe (power, transport, industry), considering factors such as cost, speed and feasibility.

For your information, Hydrogen4EU is a 17-member, cross-sectoral and multi-disciplinary research project. For more information please visit our website: <http://www.hydrogen4eu.com/>

Please let me know **by Friday 30 April** if you'd like to attend this webinar (**by return email**). If you have any colleagues within your organisation which this webinar would be of interest to, please also feel free to share this invitation.

Kind regards,

[REDACTED] (on behalf of Hydrogen4EU)
