

## BTO: Regular coordination meetings with ENISA

Meeting 02.07.2021

Personal  
data

### Participants:

- DG CNECT [REDACTED]
- ENISA: [REDACTED]

### Main points discussed:

- CNECT/A2 and ENISA presented the state-of-play of their respective activities
- CNECT/A2 indicated that it will soon provide its comments to the report regarding existing national initiatives on AI cybersecurity
- ENISA confirmed its interests to support the Commission's activities in the field of AI cybersecurity standardisation. The next regular meeting between the parties will tackle specifically this topic and the two parties agreed to involve relevant technical colleagues.
- CNECT/A2 confirmed that contact was made with the group of national authorities (in the field of telecommunications) in the view of presenting the AI proposal in their next meeting on 2 September.
