Subject: Urgent request

Dear [Name],

We have received an access to documents request regarding contributions/links with EU agencies in relation to the AI Act.

I have selected:

- A document on your position on the AI Act.
- The BTO of the 4 meetings we had so far

I would be grateful whether you could check and give your approval to them.
The BTOs reflect our brief notes from the meetings (so rather factual). As to your position paper, I am not sure this has ever been received in an official form; so wanted to make sure with you that this is the latest version you have produced.

We would be grateful whether you could provide us with feedback by tomorrow eob.

Kind regards
