Dear [REDACTED],

Sorry for replying only now, screening the commissioner's agenda is a challenging exercise these days.

The Commissioner will be happy to meet virtually [REDACTED].

[REDACTED] in cc will propose some dates and Isabelle will help with the logistics.

Best wishes

Filomena

Subject: Virtual Meeting Request

Dear Lucia and Filomena,

Hope this note finds you well. I am writing you to ask if Commissioner Breton would be available to have a virtual meeting with Apple's CEO, [REDACTED], in the second half of June. You will remember that they met last year in April at the Commissioner's request to discuss the development of the COVID contact tracing and exposure notification API. [REDACTED] would welcome the opportunity to discuss other topics of mutual interest with the Commissioner, including for example, digital platform regulation, the competitiveness of the European digital sector, and technology regulation.

Thank you very much in advance,

[REDACTED]
