Dear members of the HSC,  
Dear colleagues,

Please find enclosed a proposal by the HSC technical working group on COVID-19 diagnostic devices for the 8<sup>th</sup> update of the RAT common list.

The experts propose that:

- 14 new RATs are included
- 2 RATs are removed
- 4 references to validation studies are removed
- Also, there are 8 issues currently pending (highlighted in the attached document, for your information)

Could you please let us know by **Tuesday 7 Dec COB** in case you have any comments or objections regarding the proposal? If nothing is received, the document will be considered adopted by written procedure and will be published on Wednesday 8 December.

Kind regards,  
HSC Secretariat
