Info note

ITEM 3.4 - 8-9 October 2019 INFO NOTE - Confluence: Plenary Agenda and Migration of Documents from CIRCABC to Confluence [IT Users Expert Subgroup]

I. Background

The EDPB Plenary in March 2019 decided to implement the Confluence as a legal library and a collaboration point for all the expert subgroups. All meetings agendas and supporting documents for the expert subgroups are now contained within Confluence.

II. Current state of play

Confluence is a Collaborative/Wiki Tool hosted by the EU Commission on Commission IT Infrastructure. This solution today provides the EDPB members with a secure and controlled way to access a vast array of legal information as well as all information relating to the each of the ESGs including the meeting agendas and related documents.

██
█████████████████████ ████████████████████████████████████
██████████████████████████████████████ This will allow all EDPB meetings to be managed in a uniform way. There will be only one system with all EDPB meeting information which offers an easier to use and less cumbersome interface especially in the area of searching, uploading and downloading documents ███
