Dear Member of the Standing Committee on the Food Chain and Animal Health,

As requested during the Standing Committee of 4 February 2013 we would kindly ask you to send us a short explanation on why **Sweden** abstained on **Item B1** - Exchange of views and possible opinion of the Committee on a draft Commission Regulation amending Regulation (EU) No 432/2012 establishing a list of permitted health claims made on foods other than those referring to the reduction of disease risk and to children's development and health (SANCO/12712/2012).

With Kind Regards,
