Dear Egidijus,

Many thanks for your answer and for the phone conversation this morning. Much appreciated!

I hereby confirm that Enagás CEO agrees with the slot you propose (Wednesday 27 April, at 16h00) to meet Mr. Samson.

Enagás CEO will be in Brussels on that day so it is possible to have a face-to-face meeting in person at your offices in Berlaymont building.

We will be a group of three people in total (Enagás CEO + 2 people). The e-mails of the participants are:

- [Art.4.1(b)]
- [Art.4.1(b)]
- [Art.4.1(b)]

I look forward to your confirmation.

Many thanks again!

Best regards

[Art.]

Dear [Art.4.1(b)]

I could propose you a Webex meeting this Wednesday 27 April at 16:00.  
I will need e-mails of all the participants.

Best regards,

**Egidijus Dapkus**  
Assistant

**European Commission**

Cabinet of the Executive Vice-President Frans Timmermans  
European Green Deal

Dear Aleksandra,

Many thanks for your swift reply!

I fully understand that these are busy days for EVP. Given the circumstances, I believe that a meeting with Mr Samsom in Brussels would be a good option too. I hope you can also participate.

With the exception of 25/04 and 26/04, our CEO would be willing to modify its agenda and fly to Brussels.

Would you be able to propose 1 or 2 slots during the next two weeks?

I look forward to hearing from you.

Many thanks again

Best regards

Dear [Art. 4.1(b)]

Thank you for your email. We would be very interested in hosting your CEO in our offices. However, EVP's schedule is very busy these days, especially on a short notice.

Could we explore a meeting with our Head of Cabinet?

Best regards

Aleksandra

**Subject:** Enagás: meeting request between Enagás CEO and Frans Timmermans - Security of Supply and Decarbonisation

Dear Ms. Aleksandra Tomczak,

I hope everything is well on your side. I am writing to you following the indications from Mr. Egidijus Dapkus.

My name is [Art. 4.1(b)] and I am currently the Brussels-based Head of EU Affairs & Organisations at Enagás S.A.

Enagás S.A. is the leading gas infrastructure operator in Spain, owning and operating more than 11.000 km of high-pressure gas pipelines, 6 LNG regasification terminals and 3 underground gas storages. Enagás is also present at the international level in 7 different countries such as USA, Chile, Mexico, Perú, Greece, Albania or Italy. Enagás is deeply committed to the EU Energy and Climate targets and, more concretely, to the development of hydrogen and biomethane projects. More info about Enagás can be found [here](#).

I am writing to you to share Enagás CEO's interest in having a face-to-face meeting with the Executive Vice President Frans Timmermans in Brussels.

[Art. 4.1(b)] has recently taken office as the new Enagás CEO on 21 February. Following the introductory letter sent to Mr. Timmermans several weeks ago, our CEO would be now willing to have the first meeting with him. His intention would be to share information about Enagás' strategic plans and projects in terms of Security of Supply and Decarbonisation (incl. hydrogen and biomethane) having a European dimension/impact. More concretely, Enagás' CEO would present a number of ideas/options to help ensure EU security of gas supply making available all our infrastructure capacities (LNG regasification, interconnections, etc.). The approach would be to see how we can collaborate with the Commission and provide some help in this complex and uncertain context. He would also present our development plans for H2 networks, decarbonization projects (hydrogen and biomethane), etc., that we have in our portfolio.

We think this conversation is particularly interesting given the current circumstances and the upcoming publication of the REPower EU on 18 May. In this sense, we would be grateful to receive a suitable date and timing from the Cabinet so that this meeting would take place at the most convenient moment for the Executive Vice President either before the end of April (excluding 25/04 and 26/04) or, if not possible in April, during the first half of May.

Should you need additional information, please don't hesitate to let me know.

Many thanks

Yours sincerely

[Art.4.1(b)]
