Subject: Follow-up our meeting yesterday

Dear Maciej, dear Jorge,

Personal data would like to thank you once again for your time during our meeting yesterday, and for the very interesting exchange we have had on the role of low-carbon liquid fuels for the decarbonisation of transport and on the impact of the agricultural value chain.

As agreed, please find the Imperial College London Consultants study for Concawe on the

[Sustainable Biomass Availability in the EU Part I and II final version.pdf](#) ([concawe.eu](#)).

We would be happy to follow-up on our conversation both with the services in DG AGRI and also with any other Commission department with whom, possibly together with you, we could explain our industry's decarbonisation strategy and the central role of sustainable renewable fuels. We will follow your guidance on how to progress.

Looking forward to hearing from you,

Best Regards

Personal data
