

Dear [REDACTED]

Thank you for confirming the European Commission's participation to our plenary event – we are extremely pleased to have a DG ENV representative on the panel.

Please find attached a draft agenda for the event. We have received a confirmation from MEP Spyraiki but our invitation to the State Secretary is still pending, although we have been reassured that a Director-General would be speaking in case the State Secretary was not available. We will be further elaborating the agenda as we get more clarity on the names of the speakers.

Thanks again for agreeing to join us and please do let me know if you have any other questions for us.

Best wishes,  
[REDACTED]

Dear Ms [Redacted]

On behalf of Ms [Redacted] I would like to thank you for your reply. We regret that the Commissioner cannot attend this event but of course understand that his agenda may be full at the moment.

Considering the importance of the Chemicals Strategy for Sustainability to the European Commission and our members, we would kindly ask if you could help us secure an alternative speaker for this event. We have already confirmed speakers from the European Parliament as well as the German Ministry for Environment and would very much value having the Commission represented in the discussion.

We also believe this event would constitute an excellent opportunity for the Commission to present the strategy to a broad and cross-sectoral platform of companies, comprising both downstream users and chemical producers.

Thank you in advance for any help you may be able to provide. We remain at your disposal for any questions.

Kind regards,

[REDACTED]
