RE: Monthly reports EURLO CIV/GIN and COD  
EURLO COD\_monitoring table.xlsx

Dear [REDACTED]

Thank you for the reports. They have been placed on IRMA.

Dear [REDACTED]

Thank you for an update after your long leave.

I am kindly asking you to fill in the monitoring table in a cumulative manner – adding new items/events to the attached version. When your deployment is evaluated, the table will serve as a ready-made set of indicators.

Please let me know if you would like to discuss it over a call.

Best regards,
