Thank you Jorge,

I look forward to hearing from you and we will shortly send the official letter with the invitation to the Gala Dinner.

I would of course be delighted to give more information to you and/or your colleague Joanna Stawowy about how the work is progressing and in particular our analysis (still ongoing but will be ready in May) about how narratives around food and agriculture are shifting given the current geopolitical situation.

In fact, we have secured funding for the coming three years of the Task Force and just received approval from the Board. It would be very interesting to hear your opinion and that of the Commissioner on how the Task Force could contribute to the vision of the European Commission to move towards a more sustainable (economic, social and environmental) model for agriculture.

Looking forward to hearing from you.

Kind regards,

Dear Jorge,

I hope this email finds you well.

I am writing as during the week of the 23-25 of May we are hosting our Re-Imagine Annual Meeting here in Brussels hosted by our Personal data Personal data at the Palais d'Egmont. For this

occasion we will unite all the members of our Board and the Steering Committee of the Task Forces.

Seeing the current situation we would like to organise a meeting with Commissioner Wojciechowski for Personal data

Personal data on Sustainable Agriculture and Innovation. The purpose of the meeting would be to give an overview of the work done so far and see how the Task Force could support the mission of the European Commission to move to a more sustainable model for European Agriculture despite the current geopolitical situation.

Do you think it would be possible to find a time for this? I am aware that the calendar of the Commissioner is very busy and we would be happy to adjust to his schedule. Of course an official letter will follow.

I also wanted to take this opportunity to anticipate that an invitation will be sent out shortly to join our gala dinner that will take place on the evening of the 24th of May.

Looking forward to hearing from you.

Kind regards,
