Subject: Meeting request Sept 7th

Dear Florika and Kestutis (cc [REDACTED]),

I hope this mail finds you well – ahead of well-deserved holidays.

We would kindly like to request a meeting with Cefic President Martin Brudermueller (CEO BASF) and if possible also Plastics Europe President Markus Steilemann (CEO Covestro) on chemical recycling and mass balance in the framework of SUPD/PPWD.

Martin Brudermueller will be in Brussels on September 7th , on which day we also have our ExCom in the afternoon. This would be an occasion for an exchange in person if possible/allowed at that stage.

We are actively engaged in the DGENV project with Eunomia and will give them the needed feedback on time. You will recognise we have listened and understand the frameworks in which you operate. [REDACTED] and team are engaged with us.

As it is so high on the company agenda's and important investment decisions are coming very soon, we have been asked to request a meeting at Board/DG level to get your insights. Hence this request.

Ahead of the meeting with you and the presidents I would propose/request if it would be possible for myself and [REDACTED] to meet [REDACTED] end of August to prepare this meeting?

Kind regards

Marco
