De [REDACTED]t,

Many thanks for these details.

I will get back to you in case [REDACTED] would like to add something.

Wishing you a nice weekend,
[REDACTED]

H [REDACTED] --

So just to follow up on proposed agenda:

-- I'd plan to brief on ITIF's work, our engagement both in Washington and Brussels, & views on leveraging the trans-Atlantic partnership to get innovation policy right (including TTC).

-- I can share topline views/outcomes of recent events/reports we've done on:

- Strategic Industrial Policy/Supply Chain
- Tech platforms, state-of-play on legislation/regulation
- AI and the AI Act
- Could touch briefly on other areas of recent activity that are topical: quantum, end-to-end encryption, targeted ads, sending party pays.

-- I'll offer our resources in whatever capacity is helpful to think creatively about solutions that will enable like-minded partners to find consensus, lead on technological innovation, and drive approaches on standards/public policy that reflect shared values.

Let me know if any questions/concerns (and appreciate the reality that 30 minutes will not allow for in-depth treatment of the above!) and if there are any issues she'd like me to address.

Thanks & regards.

Dea ■,

Thank you for the swift reply.

Could you please communicate which topics you would like to discuss?
I would be grateful, if you could provide them at your earliest convenience.

To ensure smooth access to our building I would need a few details (see table attached).
Would you please provide them by Friday 2 December, at the very latest?

If you would like to have a parking spot at the Esplanade, I would also need the full name of the driver and his mobile number + a few car details (brand, model, colour, tag numbers).

Please note that for transparency purposes, this meeting will be published in the Transparency Register of the European Commission. Please make sure your organisation is duly registered. The Cabinet does not intend to communicate actively on the content of this meeting. However, in line with Regulation (EC) No 1049/2001, minutes can be made accessible to the public upon request (without any disclosure of protected interests).

Should you have any question, please do not hesitate to reach out to me.

Kind regards,

De [Redacted],

Thank you for your email.

Ms [Redacted] would be glad to meet you on the 7th December at 15:30 or 16:30 (30 min).

Would one of the proposed slots be also convenient for you?

In advance, many thanks for your feedback.

Kind regards,

Subject: Greetings/meeting query

[REDACTED] -

Greetings [REDACTED] shared your contact info, hope you don't mind my reaching out. I transitioned from the U.S. State Department (most recently as Charge at our embassy in Copenhagen) to the non-profit, non-partisan Information Technology and Innovation Foundation in Washington this past summer (I've also joined the advisory board of cBrain, which is where I've worked with Morten). ITIF is one of the world's leading thinktanks on issues at the nexus of public policy and technology/innovation and has played an important role in advancing the policy dialogue on issues ranging from competition/anti-trust policy to data innovation and clean tech.

I will be in Brussels December 7-8 and was wondering whether you, or an appropriate colleague, might have time to meet. Although ITIF at times has taken positions at odds with the Commission, we're very much committed to evidenced-based policymaking and the importance of working with like-minded partners on shared challenges. I could adjust my schedule to any availability on the 7th, or the morning of the 8th.

Best regards.
