Subject: Request to meet FuelsEurope: Fuels Refining and Solidarity Contribution

Dear Mr Thomas,

As you will know very well the Commission proposal for a Solidarity Contribution has Fuels Refining in its scope. As the industry association for fuel manufacturers we have all EU refiners as our members. We have already started consultation with them on this proposal and they have asked us to meet with you to discuss it on behalf of the whole EU refining industry.

I would like to request to meet with you together with my colleague [REDACTED] We have already made public our [initial reaction](#) where we have expressed our understanding of the temporary emergency measure. We would like to ask first for some clarification of key elements and also take the opportunity to share our initial reactions and concerns.

We would welcome an early meeting on this matter.

With best regards
