Subject: Speaker Invitation to EP Webinar on Alternative Fuels – 19 April 2022
Importance: High

Dear Catharina,

FuelsEurope, in cooperation with Dods, will hold an EP Webinar on 'Alternative Fuels – the future of Europe's transport sector?' on 19th April 2022 from 10.00-11.00 CET, hosted by MEP Christophe Grudler.

I would be delighted to invite you to participate to this event as speaker, to represent DG Energy's view on this issue.

The revision of the Renewable Energy Directive is an opportunity to reconsider the contribution of sustainable and renewable fuels to the transport, industrial and building sectors. This revision should however be conducted in a technology open way, allowing for the use of all options with proven emission-reduction credentials, while also meeting sustainability criteria, to ensure that the highest levels of ambition are achievable.

I hope that your agenda allows you to accept this invitation.
If you have any questions, please do not hesitate to contact me.

In the meantime, I am very much looking forward to your reply.

Best regards,
Alessandro

Alessandro Bartelloni
FuelsEurope Director
