MEETING DOCUMENT

From:	General Secretariat of the Council
To:	Working Party on Energy

Subject:	Commission written input on the alternative handling of the fossil comparator in Article 27 of Renewable Energy Directive
----------	---

Delegation will find in the annex Commission written input on the alternative handling of the fossil comparator in Article 27 of Renewable Energy Directive.

Wording on the fossil fuel comparator in Article 27

Change to be introduced in row 245 (instead of EP text for rows 244 and 244a)

- (b) the baseline referred to in Article 25(1) shall be ~~calculated by multiplying the amount of energy supplied to the transport sector by the fossil fuel comparator $E_{F(t)}$ set out in Annex V~~ the sum of: (i) the amount of fuels supplied to all transport modes multiplied by the fossil fuel comparator $E_{F(t)}$ set out in Annex V, and
(ii) the amount electricity supplied to all transport modes multiplied by the fossil fuel comparator $E_{C(e)}$ set out in Annex V;
