Subject: Meeting request on behalf of the European steel industry (EUROFER)
Importance: High

Dear Mr Canton,

I am writing to you on behalf of the European steel association EUROFER. We would like to organise a meeting with you to discuss a number of policy initiatives and legislative files, either under revision, or about to be launched by the Commission.

In particular, we would appreciate having the opportunity to exchange our views on:

- The Clean Tech Initiative launched by Commissioner Breton
- The new Industrial Policy Strategy, outlined by President von der Leyen in mid-December 2023, the USA IRA initiative.
- Provide an update and exchange views on the electricity market design, as well as other related initiatives on the energy crisis, such as the state aid temporary framework.

We would appreciate organising a meeting at your earliest convenience. On our side there would be a delegation representing both EUROFER and several of our members.

Alternatively, we could invite you to join a web call of our EUROFER Public Affairs Committee, either on Thursday 19 or 26 January (from 10:00 until 11:30). This would provide us with the possibility of ensuring the participation of all our members, both steel companies and steel national associations.

Thank you very much for considering this request.

Kind regards,

EUROFER
THE EUROPEAN STEEL ASSOCIATION
