Subject: TTIP investment - phone call with business europe and other business associations, 8 May

On 8 May 2014 and I attended a teleconference on TTIP investment organised by BusinessEurope. The teleconference linked several business organisations in the EU and the US, as indicated below.

The discussion was factual: we gave a presentation of the public consultation on the proposed approach to investment protection and ISDS for the TTIP and explained the timing for it. There were no questions asked, but a number of organisations intervened with short statements in favour of investment protection and ISDS in the TTIP.

List of organisations attending the call:

Confederation of Danish Industry (DI)
Confederation of Dutch Industry (VNO)
BUSINESSEUROPE

US Council for International Business
