- EGDF had **2 main concerns** to put forward with respect to TTIP:
 - If the agreement enshrines the concept that games are software, this may have consequences with respect to their State aid status;
 - Interested to know how much State aid the EU negotiates with the US.

- [Art. 4.1(b)] finally referred to **Patent Trolls** as one of their main substantive concerns in the US - forcing EGDF members to spend substantive money in Court cases.
