Dear Ms [redacted]

Thank you very much for your letter of 21 January 2015.

I fully appreciate the prerogatives of the European Commission and its limitations in terms of enforcement of the EU law and examination of cases that are addressed before the court of a third country.

However, I will be very grateful if I could nevertheless meet you. I believe a briefing on my experience will, perhaps, be helpful in

- i) a better understanding of the reality of today's food safety management in multinational corporations and their consequences for the international community, and eventually,
- ii) improving the system of risk management in future, including our whistleblowing system.

Also, I would like to bring to your attention that there is no investigation and no legal case on the food safety management practices of my former employer, and this is among others one of the gaps that I have experienced in the management of food safety that has implications for the international community. The legal process is about "retaliatory measures" on my person (violation of labor law), and not on the food safety management *per se*.

As requested in your letter, I am also addressing this mail to Ms [redacted] to request an appointment.

Again, in advance, I thank you for accepting to receive me.

Yours sincerely,

Yasmine Motarjemi
