

Questionnaire for animal cloning for food production

1. Country:		
2. Competent Authority/ies:		
3. Please identify a contact person (name, institution, telephone and e-mail address)		
4. Do you have national legislation regarding the use of animal cloning technique on your territory?		
YES		
NO		
If yes, please specify:		
5. Is the animal cloning technique used by private companies for breeding purposes in your territory?		
YES		
NO		
If yes, please specify the name of the companies and the estimated number of clones by species and the destination and quantities of the cloned animals and products thereof (reproductive materials):		

6. Do cloned animals in your country have a special identification or register?		
YES		
NO		
<p>If yes, please specify how it is done. Please specify the species covered by the identification procedure or register.</p> 		
7. Do reproductive materials (semen and embryo) from cloned animals produced in your country have a special identification or register?		
YES		
NO		
<p>If yes, please specify how it is done. Please also specify the species covered by the identification procedure or register.</p> 		
8. Do breeding centres or farmers on your territory import cloned animals or reproductive materials (semen and embryo) from cloned animals?		
YES		
NO		
Unknown		

If yes, please specify the species, the intended food production (milk or meat) and an estimated annual number of animals or amount of reproductive materials.

9.-Do imported clones or reproductive materials (semen and embryo) from cloned animals have a special identification or register?

YES		
NO		
Unknown		

If yes, please specify how it is done. Please also specify the species covered by the identification or register.

10. Is the animal cloning technique used for research purposes on your territory?

YES		
NO		

If yes, please provide the name of the laboratory and the number of cloned animals by species and the final destination of these animals.
