***Subject: Invitation to ACER Annual Conference 2016***

I am writing to invite you to this year's Annual Conference of the Agency for the Cooperation of Energy Regulators, which we are planning for the early part of the summer in Ljubljana.

The Conference will focus on how the Agency can best continue to contribute to the achievement of a well-functioning, competitive, sustainable and secure Internal Energy Market in the context of the Energy Union. Most specifically, we would like to explore the extent to which the Agency has met the Institutions' and stakeholders' expectations and how we can improve the way we work, as well as to identify which role the Agency can play in the future in delivering the Energy Union Strategy. Your vision on all the above dimensions, but in particular on this latter aspect, would be a most valuable contribution to the event, at a time when you will be finalising a number of legislative proposals to implement the Strategy.

Last year we were honoured by your participation in our Annual Conference and I would hope that we could enjoy the same privilege this year.

The date of the Conference has not been finalised yet. It is currently planned for Thursday 7 July. However, if this date were not convenient for you and you could suggest another date in the first two weeks in July, we would still be in time to reschedule it.

I really hope that you will be able to accept this invitation.

Thank you for your attention and consideration. I will be in touch with your Cabinet shortly to check your availability.

Yours sincerely,
