**Invitation to International Sessions of the European Youth Parliament**

Berlin, 25th of April 2016

Dear Mr. Cañete,

During the last year, the European Youth Parliament (EYP) successfully held three International Sessions in Tampere (FI), Leipzig (DE) and a joint session in Dublin (IE) and Belfast (UK). During these three flagship events of our organisation, almost 1000 young participants worked on a wide range of topics, addressing the most current European issues. You can download the final booklets with resolutions made by the young participants here: [Tampere](#), [Leipzig](#) and [Dublin&Belfast](#).

As you might know, EYP is a non-partisan and independent educational project tailored specifically to the needs of young Europeans. Each year, the EYP reaches out to over 34.000 young people from 40 European to engage them in intercultural dialogue, parliamentary debate and discussion of current European topics. The EYP is thus one of the largest European platforms for political educational work and the exchange of ideas among young people in Europe

Among our 500 events and activities all over Europe every year, our three annual International Sessions are our flagship events. I would like to invite you to address our participants at one of the next International Sessions of the EYP in 2016:

This summer, the 82<sup>nd</sup> International Session of the EYP will meet in Rennes, France between the 15th and 24th of July 2016 under the central theme "Diversity to reinvent ourselves". There would be opportunities for you to address to the participants at the Opening Ceremony on the evening of the 18th and at the General Assembly on the morning of the 21st of July 2016 in Rennes, France.

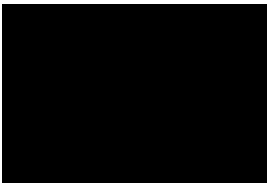

In autumn, the 83<sup>rd</sup> International Session of the EYP will take place in Laax, Switzerland, from 7th to 16th October 2016, under the overall theme of "Young and innovative ideas for a sustainable future". There will be opportunities for you to address the participants at the Opening Ceremony on the 10th of October and at the General Assembly on 14th of October 2016 in Laax, Switzerland.
