**Subject:** invitation to Split

Dear Mr. Cañete, dear Commissioner, I would like to invite you as a guest speaker to a conference on the use of renewable energy sources for energy production. I am organizing this conference in collaboration with the German foundation Hanns Sidel Stiftung. The Conference will be held in Split on 1st July 2016. The planned target groups for this conference are county prefects, mayors and representatives of coastal municipalities in Croatia, their development agencies, governmental and non-governmental organizations which are dealing with renewable energy sources.

Your valuable experience as a result of your long-term participation in the creation of European policies in the field of environmental protection and renewable energy sources are of huge interest for Croatian decision-makers, especially your advices how to use our resources in the best possible way and how to achieve the energy independence. I would be happy to receive your answer as soon as possible.

Kind regards,
