Head of Events – Energy, Oil & Gas  
ITE Group PLC

Dear Mr Sefcovic,

In reference to the upcoming **2<sup>nd</sup> Global Oil & Gas SE Europe & Mediterranean summit in Athens, Greece, Sep 28-29, 2016**, the organizers would like to extend a warm welcome and invitation to make a keynote intervention.

The summit is an official initiative of the Ministry of Environment and Energy of the Hellenic Republic of Greece and is envisaged to run in parallel with the respective colleagues in Cyprus and Israel who comprise the announced “energy triangle”.

Further, your recent trip to Athens has greatly added to the promotion of the energy union and the prospects for regional collaboration between Greece and its neighbours in the Balkans and SE Europe region. In line with that tenet of E.C. policy, we are building the event programme around these themes with official participation from the CEOs of DEPA and DESFA and a high-level panel discussion Chaired by ACER to discuss issues of strategic development for the Vertical Gas Corridor.

I am sure you share our views that this is an important time for Greece and the region and your support and patronage would be a huge fillip for the summit’s debate and discussion.

Your esteemed views would be a vital addition to the programme and your intervention would help strengthen the issue of energy union at this vital time for the development of the hydrocarbons sector in Greece and the wider SE Europe region.

We realize that schedules are set some way ahead of time so would be grateful for an official recognition and response and where positive we’d be delighted to shed more light on the format and structure of the summit.

Yours Sincerely

Head of Energy – ITE Group PLC.

In reference with: Your document dated 25/11/2015

Dear Mr. Lagoudakis,

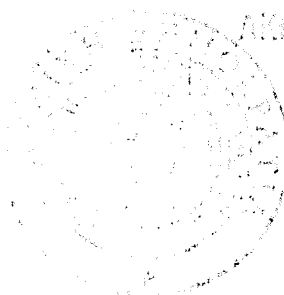

In answer to the above relevant document, we would like to inform you that the Ministry of Environment and Energy places under its auspices the exhibition/conference titled "Global Oil & Gas Black Sea and Mediterranean", that will take place in the exhibition/conference centre Metropolitan Expo located in the Athens International Airport "Eleftherios Venizelos" from the 28<sup>th</sup> to the 29<sup>th</sup> September 2016.

The organization of an international event on the strategic sector of hydrocarbons is significant for Greece and its prospects for regional development and co-operation. Within this framework, I will be glad to attend the inauguration ceremony of the event, as well as welcome my counterparts from the neighboring countries.

Sincerely yours,

Minister of Environment and Energy

Panagiotis Skourletis
