

Vice-President Maroš Šefčovič  
Vice-President for the Energy Union  
European Commission  
Rue de la Loi / Wetstraat 200  
1049 Brussels, Belgium

Dear Vice-President Šefčovič,

In order to discuss long term oil and gas investments in the current low price environment, I am organising a High-Level Roundtable in Vienna on 2nd of June, at which I convene the energy ministers of Brazil, Russia, Azerbaijan, Iran as well as CEOs from major oil and gas companies such as Total, Shell, BP, Saudi Aramco and many more. The aim is to discuss the future of the regulatory environment of the industry from a technical, non-political point of view, for which your expertise would be of great added value.

Given this high ranking line up for our conference, co-organised by the Federation of Austrian Industries, it would be of utmost importance to have the European Commission represented by you.

I would be honoured if you participated in the round table discussion and delivered a key-note speech giving insights and highlighting the perspective of the European Commission on these pressing issues. You find the agenda, the concept paper and a list of requested speakers enclosed.

I am available any time for a personal exchange.

I am looking forward to hearing from you as soon as possible.

Sincerely Yours,  
Barbara Kappel
