

Dear Mr Sefcovic (and team)

It is with great pleasure that I heard from our diplomatic connections in Uzbekistan that you plan to attend and participate in the plenary at our 20<sup>th</sup> Anniversary Uzbekistan Oil & Gas Summit in Tashkent, Uzbekistan, May 18-20 2016.

The event is the official summit of Uzbekneftegaz and is organized through the support of ITE's local office in Tashkent. I head up the energy team here in London. In order to make the most of your visit, I would like to volunteer our services where desired to assist with lining up meetings for you on-site during the summit. I am sure that you have various peoples working on a comprehensive diary for your time in Uzbekistan but as the event organizer, please be assured we are here to assist in any way we can. Further, it would be a pleasure to schedule a short meeting with you as there are other important summits that we run that may be of interest in support of your energy union and diversity of supplies strategy, notably in Azerbaijan, Greece and Turkey.

With kindest regards
