Dear [Art. 4.1(b)]

In reference to Commissioner Malmström's participation in our joint Copa and Cogeca Praesidia on Thursday, 8th of December afternoon, I would suggest the following items to be prepared.

CETA development and its impact to ongoing trade talks, in particular on Japan;
TTIP update, after US elections;
Preparation for the upcoming WTO ministerial conference;
Possible new trade initiatives in the Middle East and Iran;
Process of FTA negotiations with Australia and New Zealand.

Naturally, if the Commissioner wanted to raise some items of her own, we would welcome it. I would suggest an introduction by the Commissioner, followed by a debate.

If necessary, we will be in contact closer to the date, just to update the most recent developments.

As you probably know, despite some difficult dossiers, our organisation has supported CETA ratification. And at least some parts of the agreement (ban on hormones and ractopamine, accepting GIs and acknowledging EU's exporting entity to a certain extent...) promote EU standards in agriculture. We believe that endangering the negotiation outcome would be detrimental to the EU credibility as a trading partner.

Looking forward to seeing the Commissioner in our offices,

Pekka Pesonen
Secretary General
Copa and Cogeca
