General Director  
European Commission DG Energy  
Berlaymont Building  
Rue J.A. Demot, 24-28  
1049 Brussels  
Belgium

17<sup>th</sup> December 2012

Dear Philip

As already confirmed I will do my best to be more visible in the GAC and WS III in the future. [REDACTED]

Therefore I asked the CEO of the Dutch TSO GTS, Annie Krist, to replace me in the beginning of the year.

Not only that the Netherlands should have no conflict of interest (as most of the other ENTSOG board members), GTS is jointly with Gazprom in a study group on technical aspects of the RUS-EU gas transport system. Mrs. Krist therefore should be most acceptable to our Russian colleagues. As ENTSOG Board Member and experienced player in the gas community Annie Krist is aware of all relevant aspects.

I will be back in my office [REDACTED] to travel end of February.

Best regards,

Copy/ Annie Krist
