Dear All,
 PLe find attached a commented draft and supporting documents from our expert consultants, the University of Birmingham. I also attach the draft WP1 of the Ethics of Border Security study as further background on the state of play with national codes.

- The documents are:
- 1) a one-page general comment on our CoC and CoCs in general, which will be very useful to start our discussions, before we get into specific comments on the draft
 - 2) a brief 2-page document listing the main areas of ethical concern in regard to BG tasks in relevant EU legislation
 - 3) a longer paper describing in more detail the specific ethical provisions and their sources
 - 4) the actual commented draft CoC

Please read before our meeting on the 7th

Best regards,

[REDACTED]
