“On the US, [**ART 4.1b**] showed great interest, given that he was one of the “fathers” of the TEC in 2005/2006 and always had a vision of an FTA. [**ART 4.1b**] enquired about the process and next steps. He also underlined the importance of the US market for the German automotive industry where Germany could slowly increase its market share. JLD gave an overview of the HLWG and the envisaged timetable.
