

EUROPEAN COMMISSION

DIRECTORATE-GENERAL

ENVIRONMENT

Directorate C - Sustainable Resource Management, Industry and Air

ENV.C.3 - Industrial emissions, air quality and noise

08 AVR. 2013

Brussels,

ENV.C3/FF/sf Ares(2013)

**TO: THE MEMBERS OF THE INDUSTRIAL EMISSIONS DIRECTIVE (IED)
ARTICLE 13 FORUM**

Dear Members of the IED Article 13 forum,

I hereby inform you that the Commission is planning to hold the next meeting of the forum on **6 June 2013**. At this meeting the forum will be invited to give its opinion on the proposed content of the **BAT reference document for the Production of Chlor-Alkali** (CAK BREF). This document is available on the EIPPCB website: <http://eippcb.jrc.ec.europa.eu/reference/>. A colour-coded version of the document is also available on BATIS.

In view of establishing the opinion of the forum on this document during the meeting, you are invited to submit your comments on the document in writing to the Commission **using exclusively the attached template**. This allows you to indicate precisely which part of the document you are commenting on, to describe your comments and your proposal for any amendment, as well as the rationale.

Please send any comments to Stefania Fornasero in my Unit (stefania.fornasero@ec.europa.eu) and to the European IPPC Bureau (JRC-IPTS-EIPPCB@ec.europa.eu) by **24 May 2013 at the latest**.

The Commission will, prior to the actual meeting of the forum, endeavour to provide the forum with an overview of all comments received by that deadline and its assessment of those comments. The invitation letter, agenda and any other documents for the meeting will be sent to you in due course.

If you would have any further questions on these issues, please contact Alex Radway (alex.radway@ec.europa.eu) in my Unit.

I thank you very much for your co-operation.

Yours sincerely,

Thomas VERHEYE
Head of Unit
