Dear Helena, Dear [REDACTED],

I was a pleasure meeting you yesterday and having the opportunity to share our position on plastics with you.

As promised, you will find attached SUEZ's recommendations on plastic recycling and production. This is dated October last year but remains valid. We will certainly let you have more documents in the coming weeks.

As briefly mentioned at the end of our meeting, we are setting up a visit of a plastic recycling plant in Maastricht. We are in contact with DG Grow and Environment and will inform you of the date once set to see whether you are available and willing to join.

Helena – as agreed, I'll be officially introducing a meeting request for my CEO with First VP Timmermans, including some availabilities.

In the meantime, should you have any questions or comments, do not hesitate to contact me.

Best regards,
Denis
