

Despite a huge success in terms of the number of applications, the European Commission has regretfully decided to **cancel** the first call for applications launched on 15 May at 13:00 (CEST). After thorough investigation, it has concluded that a technical error prevented applicants from applying on equal terms.

The European Commission is committed to the fairness and reliability of the competition procedure.

A new call for applications will be launched in the Autumn of 2018 (exact date to be announced).

The Portal will resume its activities once all IT developments are complete. If you have already registered your Municipality or your Wi-Fi installation company on this Portal, you will be informed by email of the re-opening of the Portal and of the date of the launch of the next call. You will not need to re-register.

Should you have any questions, please contact [#Europe direct#](#).

Thank you for your understanding.

Subject: WiFi4EU – Cancellation of the First Call for Applications

Dear Sir/Madam,

Despite a huge success in terms of the number of applications, the European Commission has regretfully decided to **cancel** the first call for applications launched on 15 May at 13:00 (CEST). After thorough investigation, it has concluded that a technical error prevented applicants from applying on equal terms.

The European Commission is committed to the fairness and reliability of the competition procedure.

A new call for applications will take place in the Autumn of 2018 (exact date to be announced).

If you had applied for a voucher on 15 May, you will need to apply again in future calls. However, your municipality is still registered in the Portal www.wifi4eu.eu (including the supporting documents), so you will not have to introduce this information again in order to apply for a voucher in future calls.

The Portal will resume its activities once all IT developments are complete. You will be informed by email of the opening of the Portal and of the date of the launch of the next call.

Should you have any questions, please contact [#Europe direct#](#).

Thank you for your understanding.

Regards,
The WiFi4EU team
