Reference: 2015 TEN-T CONFERENCE RIGA

Dear [Redacted],

As you know, together with the Latvian Presidency, we are organising the TEN-T Days 2015, which will take place on the 22nd and 23rd June 2015 in Riga. My services have already been in contact with you on this matter and I am very grateful that you have accepted to participate in this event as a speaker.

I am confident that your experience and knowledge in the area of Natural Gas will decisively contribute to the success of the session Workshop on "Natural gas and biomethane as fuel for Transport".

For further details on the preparation of your contribution (such as the form, the length or the specific focus of your intervention) and any other possible questions, you are welcome to contact [Redacted].

The provisional programme as well as the practical information can be found on the website: http://www.tentdays.eu/2015_2/index.html in case you have not yet registered, we would like to encourage you to do so as soon as possible. The detailed programme will be published in the next few days.

We would like to draw your attention to the fact that the Commission is not able to cover travel and accommodation expenses.

I am looking forward to meeting you at the conference.

Yours sincerely,

[Redacted Signature]

Magda Kopczynska
