Dear [REDACTED]

Just to follow up on a few of the item that came up during the GEME meeting the other month. Firstly, there is the notification of the implementation of penalties for the infringement of the NRMM Regulation. If you are not aware as to the situation with the UK, the Regulations related to these were laid back in June and came into force on the 21st September 2018. They are *The Non-Road Mobile Machinery (Type-Approval and Emission of Gaseous and Particulate Pollutants) Regulations 2018* (SI 2018/764), a copy of which can be found [here](#). I hope that provides you with suitable notification for the UK with regards this.

Text out of the scope of the request

Regards,
