Hi [REDACTED],

Responding in [REDACTED]'s place. I hope you are well – very good to see you briefly last week.

We are not looking to book a specific event, more exploring opportunities for participation in established events as we hope to have one of our Directors present, alongside [REDACTED] (who is indeed linked into IETA and I understand they will have their own space). If there are events which a senior Shell presence could be helpful then we would look to support it.

I know this is late in the day, but welcome any thoughts on where we could contribute.

All the best

[REDACTED]

Hi [REDACTED],

Of course I remember, unfortunately our Pavilion has been booked out for a while. It is centrally organised, though I have some oversight of the carbon market related events, which we will have morning or afternoon of the 9<sup>th</sup>. Its already overbooked and we have (just) asked the different bidders to cooperate over the space (3.5 hours). Tell me what you are looking for etc, I need to check in with IETA on whether they plan their own space, as I think I might be referring people there. I always assume that [REDACTED] has a speaking slot with them!

M

**Subject:** COP 24 question

Hello [REDACTED],

I hope you don't mind this email out of the blue. [REDACTED] introduced us a while ago and we all met for coffee and discussed the details of Article 6, Paris Agreement.

I was wondering if you could let me know who in your team would be dealing with the events that the EU pavilion is running? We expect that there could be a member of Shell's executive committee attending and we are exploring opportunities for him.

Thank you for considering this request, as I expect it is a busy time for you. I hope to hear from you soon.

Kind regards,

[Redacted]
